*With over 55 years of experience in demanding industries, ATD has developed unparalleled expertise in every aspect of machine development, machine building and optimal performance of machines in all its facets.*

ATD MACHINERY, YOUR PARTNER IN LABELING, PACKAGING AND PRODUCTION SOLUTIONS

# Overrolling machine

Introducing the MID-S 100, the fastest natural wrapper overrolling machine.

The MID-S 100 machine seamlessly combines top-tier ergonomics and safety with a contemporary design. Experience the perfect user journey with its low noise level and advanced 15-inch touchscreen. What makes it unique is its remarkable stability and output, achieved through groundbreaking innovations such as servo techniques in both the overrolling unit and wrapper feeder.

Cleaning and maintenance are a breeze, thanks to its ceramic bearings, ensuring an extended lifespan. Switching to a different cigar model? No problem at all.

Elevate your production with the MID-S 100: the future of overrolling technology.

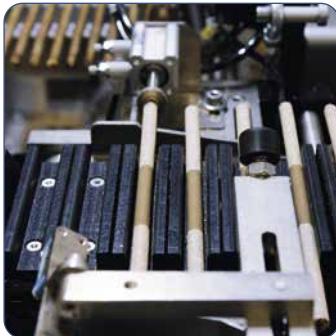

## Options:

- ADS (drying system)
- Automatic tray filler
- Automatic tray exchange
- Data collection compatible
- Remote support
- Format parts

## Technical specifications:

- **Speed:** Max. 100 products/minute\*  
(double length)
- **Machine dimensions:**  
340 x 290 x 240 cm (L x W x H)
- **Machine weight:** 2000 kg
- **Power consumption:** 6,51 kW (4,1 A)
- **Water consumption:** 3 bar / 5 ltr/min
- **Compressed air:** 6 bar / 310 ltr/min
- **Cigar dimensions:**  
Diameter: Min. Ø 7,2 mm Max. Ø 17 mm  
Length: Min. 70 mm Max. 240 mm
